Assessment Requirements for AHCLSC309 Install water features

Release: 1

Assessment Requirements for AHCLSC309 Install water features

Modification History

Release Number	TP Version	Comments
1	AHCv1.0	Initial release

Performance Evidence

The candidate must be assessed on their ability to integrate and apply the performance requirements of this unit in a workplace setting. Performance must be demonstrated consistently over time and in a suitable range of contexts.

The candidate must provide evidence that they can:

- determine project requirements from plans
- use surveying instruments
- Set out and prepare a water feature site
- measure and calculate area, depth and volume
- use tools and equipment to construct a water feature
- clean up the site

Knowledge Evidence

The candidate must demonstrate knowledge of:

- the principles and practices of water feature installation
- pipe sizes, types and applications
- pumping systems and accessories associated with water features
- set-out techniques
- water treatment methods

Assessment Conditions

Assessors must satisfy current standards for RTOs.
