AURVTG003 Remove and install butyl sealed windscreens

Release: 1

AURVTG003 Remove and install butyl sealed windscreens

Modification History

| Release | Comment |
|-----------|-------------------------|
| Release 1 | New unit of competency. |

Application

This unit describes the performance outcomes required to remove and install butyl sealed windscreens. It involves preparing for the task, selecting and using specialist tools and equipment, and removal procedures, applying butyl sealants, installing windscreen according to manufacturer specifications, cleaning and finishing the windscreen, and completing workplace processes and documentation.

It applies to those working in the automotive glazing service and repair industry.

No licensing, legislative, regulatory or certification requirements apply to this unit at the time of publication.

Competency Field

Vehicle Body

Unit Sector

Technical - Glazing
