BSBINS409 Maintain and monitor digital information and records

Release: 1

BSBINS409 Maintain and monitor digital information and records

Modification History

Release	Comments
Release 1	This version first released with BSB Business Services Training Package Version 7.0.

Application

This unit describes the skills and knowledge required to maintain and monitor information and records digitally. It includes skills and knowledge to identify and assess information and records for storage.

The unit applies to individuals who use guidelines and processes to inform judgements on the status and classification of records in an existing business or information management system. They work under supervision or in consultation with more senior staff or users of the system.

No licensing, legislative or certification requirements apply to this unit at the time of publication.

Unit Sector

Technical Skills – Information Services
