# Assessment Requirements for CUA AHL501 Assess arts and health requirements of participants

## Modification History

Release	Comments
Release 1	This version first released with CUA Creative Arts and Culture Training Package Version 5.0.

## Performance Evidence

The candidate must demonstrate the ability to complete the tasks outlined in the elements, performance criteria and foundation skills of this unit, including evidence of the ability to:

- assess individual arts and health requirements of at least three different participants, each participant presenting with different needs.

## Knowledge Evidence

The candidate must be able to demonstrate knowledge to complete the tasks outlined in the elements, performance criteria and foundation skills of this unit, including knowledge of:

- organisational and legislative requirements and codes of practice relating to own role in the arts and health industry, including:
  - workplace health and safety
  - undertaking arts and health assessments
  - privacy and confidentiality
- organisational policies and procedures relating to own role in the arts and health industry, including those relating to:
  - obtaining and recording participant's health history
  - reviewing participant understanding of information, including using suitable questioning techniques
  - recording and reporting procedures, including recording assessment observations
  - completing referrals, including various levels of urgency and follow-up of participant
- key elements of comprehensive and accurate physical, social/emotional and mental health assessment, including questioning and observing participant's health status, issues and needs
- own roles and responsibilities in assessing participants' arts and health requirements, and limits of own ability and authority
- professional protocols applied when obtaining participant history, including:
  - actively promoting and strictly adhering to participant confidentiality

- using culturally appropriate and safe communication methods.

## Assessment Conditions

Skills in this unit must be demonstrated in a workplace or simulated environment where the conditions are typical of those in a working environment in this industry.

This includes access to:

- participants to assess and associated profiles of their health history
- personnel with whom to interact in the course of the assessments described in the performance evidence, including participant family members and/or carers, community members, and other required health professionals.

Assessors of this unit must satisfy the requirements for assessors in applicable vocational education and training legislation, frameworks and/or standards.
