Work effectively in the horse racing
industry**

Release: 1

Assessment Requirements for RGRPSH211 Work effectively in the horse racing industry

Modification History

Release	Comments
Release 1	This version released with RGR Racing and Breeding Training Package Version 2.0.

Performance Evidence

An individual demonstrating competency in this unit must satisfy all of the elements and performance criteria of this unit.

There must be evidence that the individual has, on at least three occasions, carried out routine daily activities in a racing environment, including:

- organised activities and followed safe work practices and procedures, including environment and sustainability procedures
- responded to requests and instructions promptly
- interacted and communicated with team members to assist with daily activities
- completed and maintained relevant work-related documents or records
- used safe horse handling skills when interacting with horses according to animal welfare principles.

Knowledge Evidence

An individual must be able to demonstrate the knowledge required to perform the tasks outlined in the elements and performance criteria of this unit. This includes knowledge of:

- workplace policies, procedures and requirements:
 - health and safety
 - assessing and controlling risks in own work area or role
 - emergency procedures
 - safe horse handling techniques and procedures
 - safe work, environmental and sustainability practices
- horse racing industry standards and expectations:
 - communication procedures and systems
 - workplace technology relevant to own work area and responsibilities
 - workplace recordkeeping systems
- key features of animal welfare requirements and codes of practice.

Assessment Conditions

Assessment of skills must take place under the following conditions:

- physical conditions:
 - a racing workplace or an environment that accurately reflects performance in a real workplace setting
- resources, equipment and materials:
 - various standardbred or thoroughbred horses assessed as suitable for the skills and experience of the individual
 - personal protective equipment for individual that is correctly fitted and relevant to activity
 - gear and equipment relevant to daily activity
- specifications:
 - work instructions and procedures relating to daily activity undertaken in the performance evidence.

Training and assessment strategies must show evidence of guidance provided in the *Companion Volume: User Guide: Safety in Equine Training*.

Assessors of this unit must satisfy the requirements for assessors in applicable vocational education and training legislation, frameworks and/or standards.
