## RGRTRK303 Provide emergency animal assistance

### Modification History

Release	Comments
Release 1	This version released with RGR Racing and Breeding Training Package Version 2.0.

### Application

This unit of competency describes the skills and knowledge required to provide emergency animal assistance, including managing the incident scene, assisting personnel at the scene, using safe animal handling techniques; and transporting the injured or deceased animal from the scene.

The unit applies to individuals who work in greyhound, harness or thoroughbred codes of the racing industry using specialised knowledge and organisational skills to manage racing incidents with animals during trackwork, barrier trials and race meetings.

No licensing, legislative, regulatory or certification requirements apply to this unit at the time of publication.

### Pre-requisite Unit

Nil

### Unit Sector

Track management (TRK)
