The candidate must provide evidence that they can:

- determine the scope for risk management
- identify potential risks associated with climate, resource (natural, physical, financial and human) availability and capacity, enterprise production systems, theft and vandalism of assets, scientific and technological development, marketing, and external political and social factors
- implement strategies to minimise the impact of risk.

Knowledge Evidence

The candidate must demonstrate knowledge of:

- the wide range of risks faced by a primary production business
- legislation, codes of practice and national standards, including:
- duty of care
- company law
- contract law
- environmental law
- freedom of information
- industrial relations law
- privacy and confidentiality
- legislation relevant to organisation's operations
- legislation relevant to equal opportunity
- legislation relevant to operation as a business entity
- organisational policies and procedures, including:
- risk management strategy
- policies and procedures for risk management
- overall operations of organisation

- risk insurance and insurance providers.

Assessment Conditions

Competency is to be assessed in the workplace or simulated environment that accurately reflects performance in a real workplace setting.

Assessors must satisfy current standards for RTOs.
