CPP51222 Diploma of Bushfire Protection Assessment

Release 1

CPP51222 Diploma of Bushfire Protection Assessment

Modification History

Release 1	This version first released with CPP Property Services Training Package Release 17.0. New qualification.
-----------	---

Qualification Description

This qualification reflects the skills and knowledge required by individuals whose work involves bushfire protection assessment and the application of relevant planning, development and building regulatory requirements. Individuals with this qualification provide advice in a range of government and private practice contexts on planning and building requirements in bushfire prone areas to improve bushfire resilience of property and safety of people.

Licensing, legislative, regulatory or certification requirements may apply to this qualification in some jurisdictions. For further information, check with the relevant authority.

Entry Requirements

There are no entry requirements for this qualification.

Packaging Rules

To achieve this qualification, competence must be demonstrated in 12 units of competency consisting of:

- 5 core units
- 7 elective units.

Electives are to be selected as follows:

- a minimum of 4 units from Group A and/or Group B
- an additional 3 units from Group A, Group B and/or Group C.
 - Up to 2 of the 3 electives from Group A, Group B and/or Group C may be selected from any current Training Package or accredited course provided they contribute to a valid, industry-supported vocational outcome, maintain the Australian Qualifications Framework (AQF) alignment of this qualification, and do not duplicate the outcome of another unit used to achieve the qualification.
