audits**

**Release: 1**

# Assessment Requirements for CPPACC4008 Conduct transport conveyance and boarding device access audits

## Modification History

Release 1 This unit first released with CPP Property Services Training Package Release 14.0.

Supersedes and is equivalent to CPPACC4008A Conduct a transport conveyance and boarding device access audit. Minor change to unit title.

Unit updated to meet the Standards for Training Packages 2012.

## Performance Evidence

To demonstrate competency, a candidate must meet the elements and performance criteria of this unit by conducting access audits of two different types of transport conveyances and their boarding devices.

## Knowledge Evidence

To be competent in this unit, a candidate must demonstrate knowledge of:

- Commonwealth, state and territory legislation, regulations and standards relevant to transport conveyance and boarding device access audits:
  - anti-discrimination and disability discrimination
  - Disability Standards for Accessible Public Transport 2002 under the Disability Discrimination Act 1992 (or their successors) – known as the Transport Standards
  - principles of universal design
  - privacy and confidentiality
- interpersonal communication strategies used to effectively relate to people from a range of social, cultural and ethnic backgrounds and with a range of physical and cognitive abilities
- methods for assessing transport conveyance and boarding device access for people with disability:
  - measurements and calculations used to determine provisions for access
  - fitout of transport conveyances required to be accessible
  - minimum requirements of transport conveyance spaces
- negotiation techniques
- purpose and content of transport conveyance and boarding device access audit checklists
- strategies that can be used to address areas of access non-compliance associated with transport conveyance and boarding devices
- types of disability and limitations that each disability places on an individual's ability to access the environment

- types of transport conveyances used to provide a public transport service and their associated boarding devices
- workplace requirements for conducting transport conveyance and boarding device access audits:
  - documentation and records administration
  - format and content of:
    - client contractual arrangements
    - transport conveyance and boarding device access audit reports
  - quality
  - site access arrangements
  - work health and safety (WHS) including personal protective equipment (PPE)
  - work role boundaries – responsibilities, limitations and professional abilities.

## Assessment Conditions

Assessors must meet the requirements for assessors contained in the Standards for Registered Training Organisations.

Assessment must be conducted in the workplace or a simulated workplace using realistic conditions, materials, activities, responsibilities, procedures, safety requirements and environmental considerations.

Candidates must have access to documentation, tools and equipment, transport conveyances, boarding devices and technologies required to achieve the performance criteria and performance evidence.
